Our Vision

Vision is precise, clearly defined picture with a detailed plan and timetable for achieving that plan.

It is our vision that each and every fellowship would have one trained Ambassador available to activate and steward change – a professional coach.

This is specialized work that takes dedication, skills training and knowledge, a God given anointing for the work performed, and a deep desire to help others.

Desire is the fuel that provides the energy that propels us forward into new adventures and new experiences.

We have developed this training course as a means to facilitate our vision.

Ambassadorship

A new way of assisting others to be Forward focused.

WE WORK USING ACTIVE LEARNING. NOW CAN WE HELP YOU?

We replace the 4 letter word WORK with another 4 letter word PLAY.
